He opposes the request for a rate increase by Trico. He knows that a long of people are currently in trouble . The utility company should be helping the country instead of themselves. They need to stop asking for monies at this present time. They are asking for more monies than what they really need. Please deny the request.

Utilities' Response:

Investigator's Comments and Disposition:

2/5/09 I advised Mr. Herrud that his comments regarding the Trico Electric Cooperative, Inc. "Trico" rate case will be placed on file with the Docket Control Center of the Arizona Corporation Commission ("Commission") to be made part of the record. The Commission will consider your comments before a decision is rendered in the Trico application.

The concerns raised in letters received from customers will assist the Commission in the investigation and review of the rate application. The Commission's independent analysis of the utility and its rate request attempts to balance the interest of the utility and its customers.

Commission Staff is very sensitive to the burden that high utility rates can place on the consumer, and though constitutionally required to allow a fair return to the utility, does everything within its authority to protect the consumer.

Staff appreciates your comments and the interest taken on the proposed rate increase.

Sincerely,

Alfonso Amezcua
